

# Membership Recruitment Funding Program

---

## The Program

Bowls BC offers financial support to affiliated clubs for programs and events for the recruitment of new members. The maximum funding available is \$500 per club. A few examples of acceptable programs and events are:

- Costs associated with an hosting an open house
- Costs associated with public advertising
- Costs associated with renting public space for demonstrations
- Costs associated with running a drop-in league for the public that is intended to convert drop-in players to full members

The program is intended to cover costs that are exclusively for the purpose of generating new membership. *For example, website creation/hosting costs for the club website would not be approved, as a club website serves more functions than just generating new memberships.*

## Eligibility

Clubs must meet the following requirements:

- Complete an application (attached)
- The event must be in line with the Strategic Plan of Bowls BC
- Expand the event to as many clubs as possible (depending on the event, multiple clubs may even be able to benefit and they should if possible)
- Contain measurable objectives, examples:
  - o Marketing efforts reached a target demographic and a target number of non-bowlers
  - o A targeted number of new members were generated as a direct result of the event
  - o Open house expects to have a target number of prospective bowlers to participate
- Provide good value to club
- Intended to ultimately generate new memberships

Bowls BC will review all applications and decide the amount of funding based on funding available and other applications submitted. Bowls BC may offer full, partial, or deny funding, and any funding may be conditional.

## Timelines

For 2018 only:

- Application must be submitted by August 15, 2018
- Clubs will be notified by Sept. 15, 2018
- Bowls BC will issue payment to the club within 60 days of receiving proof the event was executed
